

FILLERS

Combined Federal Campaign agencies are working to build a better community every day of the year. But they can't do it alone. Remember, Someone Out There Needs Someone Like You.

Perhaps some of you know - a friend, a relative, a neighbor, or a co-worker - has received help from an agency supported by the CFC. Chances are you, too, have received such help at some time in your life.

CFC helps troubled families build better tomorrows - with dignity.

It is good to know when you give a dollar, that the dollar is well-spent. The cost of the CFC is very small - only four cents of every dollar goes for campaign expenses. The rest goes to strengthening family life, rehabilitation of the handicapped and assistance to children, the elderly and the ill.

Through the Combined Federal Campaign, you can be sure that help can be there when it is needed--help for young people seeking direction in their lives, help for disabled, help for the oppressed overseas, help for troubled families, and help for all of us. Your help is important. Remember, someone out there needs someone like you.

Agencies supported by the CFC not only help the poor, they also serve people from all parts of society. One out of three of your neighbors in the national capital area received help last year.

It's estimated that 70% to 80% of the world's population is poor, with per-person incomes of \$40 to \$200 for a whole year. Your help is needed - give to CFC.

The Combined Federal Campaign offers you a direct channel for helping the truly less fortunate. Your contributions through the CFC can fund self-help programs designed to build a brighter future for the children of the world's poorest nations, and help them break the cycle of poverty, hunger and disease.

Agencies of the CFC provide services to the millions of Americans who suffer the ravages of illness and disease. Your help is a vital part of this work. Remember, someone out there needs your help.

The wealthiest people in the world are those who were born with and remain in "good health". Many CFC agencies are dedicated to improving the quality of life for millions through medical research and education.

For those in need, so much more will be required in 1987-- from the agencies delivering services, so much more will be asked. Your gift through payroll deduction is needed by someone out there who is depending upon your help.

CFC helps people up, out, over, through...to learn, to build, to hope, to be healthy, to create futures and to be free.

Exercise your ability to make life richer for someone else today. For who knows? The gift will help someone tomorrow-- it may be you.
